Ans. **American Industrial Hygiene Association 1975-1976**
475 Wolf Ledges Parkway
Akron, OH

American Society for Testing and Materials 1957-1983
1916 Race Street
Philadelphia, PA

National Safety Counsel 1954-to present
Box 11171
Chicago, IL

72. Since 1930, state the names and addresses of any organizations to which you have belonged having anything to do with the setting of standards, regulations, information lobbying, research, engineering or use of asbestos products, materials or fibers.

Ans. See Answer to Interrogatory No. 71.

73. State when you first learned that any state in the United States had a Workmen's Compensation law covering the occupational disease of asbestosis.

Ans. Goodyear follows document retention policies which provide for the periodic and routine destruction of documents. Consequently, it has been unable to locate any documents which would enable it to answer this Interrogatory, but it will supplement this response in the event such documents should be found.

74. When did your company first learn that in 1931, the English Parliament passed legislation making asbestosis a compensable disease and requesting improved methods of exhaust ventilation and dust suppression in asbestos textile factories, and also instituted periodical medical examinations for workers engaged in particularly dusty processes in the asbestos textile industry? State what action, if any, your company took in response to such knowledge in any effort to prevent, reduce or eliminate the effects of asbestos to those using your products.

Ans. **Goodyear follows document retention policies which provide for the periodic and routine destruction of documents. Consequently, it has been unable to locate any documents which would enable it to answer this Interrogatory, but it will**
