Mr. J. M. Barnhart, Executive Secretary
National Insulation Manufacturers Association

Dear Jack:

In talking to LeRoy Balzer regarding his and Dr. Cooper's work for the U.S. Public Health Department he tells me there is going to be a meeting in Cincinnati, Ohio February 8, 1968 to discuss Respiratory Protection.

Among those to be present he mentions the Bureau of Mines, the Bureau of Public Health, the union, the Textile Institute, and the insulation industry. I assume this latter is our NIMA organization.

You may know of this meeting and be planning to attend, but I thought it might be well to pass this information along to you in case you did not know about the meeting.

Yours very truly,

H. P. Hoopes, Technical Director
Pabco Industrial Products Division
