The primary purpose of this call is hear and discuss any comments DOJ may have on the Army's memo to the Corps on CWA 404(g) assumable waters. As some of you may know, we have extended the deadline for comments until COB Friday. That being said, we don't want to delay this review any more than we have to and this is on the only day that works for DOJ on Monday. Hope all of you can make it.

Panel Information

Date: Friday, October 19, 2018

Time: 10:30 a.m. to 12:00 p.m.

Description: This year began with significant court decisions and unprecedented agency actions covering the most important and controversial regulatory programs under the Clean Water Act. While new theories on liability, like the “groundwater conduit” theory, flow through the federal courts, a torrent of other issues related to the development and implementation of multi-state Total Maximum Daily Loads and the application of the EPA’s water transfers rule are coming to a head nationwide. All of this is occurring along with the administration’s deregulatory efforts, which include rescinding and potentially redefining “waters of the United States.” Join this group of leading Clean Water Act authorities as they share their insights on the current state of the legal landscape, changes on the horizon, and solutions for clients during this era of increasing change.

Attendees: Nathan Ohle and Ted Stiger

The purpose of this meeting is to formally introduce ourselves and the work of the RCAP Network to Assistant Secretary Ross. As you know, we are partially funded by the Office of Water to work with small

communities on drinking water compliance under SDWA, wastewater issues, and private water well assessments. We are interested in learning more about Mr. Ross's priorities and ways we can be helpful to those moving forward. We attended the Water Sector meeting hosted by Mr. Ross, the Lead & Copper Rule outreach meeting, and the PFAs/PFOs convening at EPA over the last several months.

Crystal and Ann, The Nature Conservancy's mitigation lead Jessica Wilkinson will be in DC on September 5th and I would like to request a meeting with Mr. Ross so we can discuss a few regulatory actions EPA is considering. Specifically, Jessica is in town for an (b) (6) meeting to comment on proposed Army Corps regulations on release of mitigation credits and mitigation credits for dam removal, both of which have gone to EPA during interagency review. We'd also like to touch base with Mr. Ross on implementation of the 2008 Mitigation Rule.

The Planning & Policy Manager of the Aquatic Resource Management Program for Oregon Department of State Lands reached out with the question "I think Oregon can speak behalf of many states in expressing our interest in knowing what other steps the federal government may be taking and the schedule for rolling out those steps? Are you be interested in receiving state input on those steps or others?"

Set up a joint call with EPA for a response with Mr. David Ross and Mr. Lee Forsgren

You have been selected by your Information Management Official (IMO) to receive a new computer. Please accept this appointment. Due to the number of employees that are receiving new computers, we can only accommodate reschedule requests for extreme circumstances (i.e., out of office for an extended time).

* You don't need to be present for this appointment; you may leave your computer at your workstation for the technician to pick up. Just fill out the Computer Release Form <<http://intranet.epa.gov/eztech/docs/2018-computer-release-form.docx>> and leave it with your computer.

* When your new computer is ready (this could take up to 1 business day), you will receive a call at your desk.

* Before this appointment, you'll need to do a few things to prepare. Please take a moment to review this checklist of how to prepare <<https://intranet.epa.gov/eztech/pdf/how-to-prepare.pdf>> for your upgrade appointment.

* After making sure your files are saved in a safe location, read the Records Preservation Certification <<http://intranet.epa.gov/eztech/pdf/2018-Records-Preservation.pdf>>

Subject Coping with the Loss of our Colleague Sam Brown
Location WJC East B314
Show Time As Tentative
 Hello all,

We have lost a dear friend and valued colleague. Our grief and confusion at this time are tremendous and EPA would like to support our employees. Our hearts go out to the Brown family at this difficult time.

On behalf of EPA, we would like to invite you to a group conversation with a representative from our Employee Assistance Program provider, ESPYR. It will be a group session. It is not a counseling session but an opportunity to normalize our reactions and feelings, as well as receive some suggestions about what to look out for and how to care after ourselves. Immediately following this session, the counselor will remain for 1 hour to offer the opportunity for you to speak privately or continue a group discussion.

OW staff are invited Wednesday, 10/24/2018 11 AM to 12 PM, for group discussion, counselor available 12 PM to 1 PM in room WJC East B314.

If you are not available for this session, another session open to all EPA staff is scheduled for Wednesday, 10/24/2018 1 PM to 2 PM, for group discussion, counselor available 2 PM to 3 PM in room WJCE 1117 A and B.

Additionally, counselors are available to provide individual and confidential grief assistance 24 hours a day at (b) (6) or www.espyr.com <<http://www.espyr.com>> , user name/login usepa.

The EAP brochure is linked here:
<http://intranet.epa.gov/ohr/benefits/eap/ESPYR-Brochure-WorkLife-EPA-v5.pdf> <<http://intranet.epa.gov/ohr/benefits/eap/ESPYR-Brochure-WorkLife-EPA-v5.pdf>>

This conversation is being offered to collaborate with you to work through the grieving process. Attendance is voluntary, albeit strongly recommended. Please note that only the individuals to whom this email is being sent are invited; furthermore, this conversation will be confidential between attendees and the EAP representative.

We do hope you will take advantage of this service. The attached informational sheets have also been provided by EAP and are an excellent resource for you following the loss of our colleague. We hope you'll take the time to read and allow this information to help you cope with all that comes with a loss.

There is interest in scheduling a memorial service in the near future, information will be circulated.

Dave-

Thank you for agreeing to participate in the “Insights into Environmental Law & Policy: A Conversation with Key Regulators” event on October 24, 2018. The final agenda is attached. The event will be held at Hunton Andrews Kurth’s offices at 2200 Pennsylvania Ave. NW in DC. We have scheduled your session to run from 1:10-2 pm. Virginia said that time

worked for you, but please let me know if we need to move you to a different time. Your session will have you as the panelist/interviewee, with me as the moderator. We are flexible as to content – we’re imagining a short opening statement by you, then a few Q&A’s with the moderator, then a few Q&A’s with the audience. Please let us know if there are any particular water-related topics you would like us to be sure to tee up. As has been the case for the last several years, the audience likely would be general counsels and in-house environmental, health and safety counsel (not exclusive to Hunton clients). We would love for you to stay for the reception following the event if you are able, but we understand you have many demands on your schedule!

I have already provided this information to Crystal as well. Crystal – please let me know if you need any additional information.

Let me know if you have any questions. Again, we really appreciate your participation!

Thanks,
Kerry

I am the General Counsel of Midas Gold Idaho. Earlier this year, we briefed David and Lee on our Sibnite Gold Mine Project in Idaho.

On October 29-31, the CEOs of our parent and subsidiary companies will be in DC for agency meetings. I am hoping to introduce the CEOs of Midas Gold Corp (Stephen Quin) and Midas Gold Idaho (Laurel Sayer) to David and Lee on October 31, based on what you have advised of their schedule.

The meeting will be introduce them to our principals and explore some EPA policy related our Project permitting. I will have a send ahead and one hour would be great. Our only present conflict is 10-11A Wednesday October 31.

Thanks Crystal and let me know if I can provide you anything further and thanks as always.

Subject: Meeting request

David,

I wanted to ask whether you might be able to find an hour on your calendar to meet with myself and Steve Quarles, a member of our advisory board at the Environmental Policy Innovation Center. Our organization works on innovative policy ideas that could make the a dramatic improvement in the speed and scale of conservation and we work mostly on water, wildlife and arcane issues with NEPA and government decision-making (Our organization is affiliated with the Sand County Foundation, who I expect you know through your time in

Wisconsin – they serve as our fiscal sponsor.)

We'd appreciate the chance to discuss a few things with you:

- * Innovative approaches - and some simple EPA actions that could incentivize them – to expand creative finance of stormwater programs

- * Opportunities to expand replication of initiatives that could help transfer capital from cities to rural areas. Farmers can voluntarily help achieve stormwater treatment goals, often more cheaply than by gray infrastructure in cities. I know this is familiar to you from adaptive management initiatives in Wisconsin, but we wanted to discuss strategies to expand.

- * Outcome-focused contracting at the state level and ways to help states and others decide on water outcomes they could purchase and contracting authorities to do so (with a brief summary of Louisiana and Maryland state-level initiatives in this area).

If a meeting would be possible, I welcome the opportunity to work with your scheduler to find a time that is convenient for you.

Thank you,

Tim

Timothy Male

11/18/18 update – The draft agenda is now attached. I just e-mailed it to the farm bureaus verifying that I accurately captured what they want EPA to discuss.

Hi Anna,

Cathy would like to discuss the Farm Bureau Meeting agenda with you because she is expecting you to answer some of their questions. I will update the agenda one more time and attach it later this week.

Also, Cathy and Kurt may be in D.C. this day. If they are, may they meet in your office and Jim and I will call you on the phone. If they are in Chicago, we will call you from one of their offices.

Thank you,
Jenny

Subject Discuss Michigan PFAS Announcement (see below)

Location (b) (6) code (b) (6)

Show Time As Busy

EPA's Chris Lau was selected by the Michigan PFAS Action Response Team (MPART) to serve on a Scientific Advisory Panel to assess data on potential PFAS contamination to further protect public health and the environment. Dr. Lau was chosen for his long-standing involvement and expertise in the toxicology of PFAS. The panel includes 5 other experts from across the country. They agreed to objectively assess the scientific information surrounding the issue of health advisory levels, health outcomes, remediation and mitigation, and environmental pathways. Their work focuses on all chemicals in the PFAS family, including the PFOS and PFOA chemicals currently an issue in Michigan.

Dr. Lau was cleared by EPA's Ethics Office to participate on this panel.

The state of Michigan and Governor Rick Snyder will release a report soon regarding PFAS. The report addresses eleven questions, one of which is whether or not the current EPA health advisory limits for PFOA and PFOS of 70 ppt in drinking water is sufficiently protective.

The report will indicate that the current health advisory limits of 70 ppt for PFOA and PFOS are not sufficiently protective. This conclusion is based on a review of the epidemiological data, and does not include animal toxicological data that EPA used in developing our health advisory limits. The report will contain a disclaimer indicating the opinions of the report authors do not necessarily reflect the opinions of their employers.

For questions about the report, we should refer media to the state for comment.

Thanks Jennifer. I have a few comments. Is there time this morning we can talk so I can pass those on? I may be able to do it by email, but phone may be more efficient.

And it was really helpful to see the OMB comments as they do highlight the potential confusion in our next steps for the MCL. The process helped clarify the need for more specific language that better aligned with our planned actions.

Thanks, especially for the wine and cookie recommendation!

Can you send this to me in PDF tomorrow morning? iPad doesn't show redline and comments. Thanks.

Dave,

Attached is the SDWA section of our draft revisions to the Action Plan. The attached 3 page document contains both the clean version of the section and the redline/strikeout w/comments from interagency partners. I think it is helpful to review the comments/edits suggested by the other agencies in order to understand the recommended text changes made in response to the comments (more easily read in the clean version). Our goal is to incorporate any changes you have into the version that we plan to send to the programs/regions tomorrow mid-day. Please let me know if you want to discuss.

I found that a glass of wine and a chocolate chip cookie helped the Friday night review :)

Dave, Anna, Lee ,

On Thursday, March 7, we are holding our annual OGC-ORC leadership meeting. The associates and deputies for each of our headquarters law offices (including the water law office) and each Regional Counsel and his or her deputy will attend.

If you are available, we would very much appreciate it if one of you could come by Room 6226 in the South Building between 2:15-3:30pm and provide some short remarks (approximately 15 minutes) on OW's priorities overall and specifically those priorities impacting the Regions. We think it would be very beneficial for our folks to hear directly from their clients in this regard.

Please let me know if you might be able to make it and if you have any questions. Thanks!

Best,

David

Subject: Administrator Andrew Wheeler to Address EPA Employees

Colleagues,

I'm deeply honored that President Trump nominated me, and the Senate confirmed me, to serve the American public as the Administrator of the U.S. Environmental Protection Agency. It is a privilege to work alongside each of you to fulfill our mission to protect public health and the environment. I'm proud of what we have already accomplished together, including issuing the Agency's first-ever PFAS Action Plan, providing greater regulatory certainty to the American public, and making significant progress cleaning up contaminated sites around the country.

On Thursday, March 14, at 1:00 p.m. (EDT) in the Map Room, I will address all EPA employees to celebrate the progress we have made and discuss how we can continue to improve the core functions of the Agency. I invite you to join in person or watch on the livestream. Details for each viewing option are included below.

I appreciate the work you do for the Agency and the American people, and I look forward to continuing our work together to protect human health and the environment.

Sincerely,

Administrator Andrew Wheeler

There are several options for participating in the event:

* In person: The event will be held in the Map Room at the William Jefferson Clinton Federal Building (WJC-E) in Washington, D.C. Please enter through the WJC East entrance no later than 12:30 p.m. (EDT). As seating is limited, we are asking staff to kindly RSVP at staffrsvp@epa.gov <<mailto:staffrsvp@epa.gov>> .

You will receive an email confirming that you have a reserved seat. Please bring the email with you to the event.

Attendees needing reasonable accommodations should contact Amanda Sweda at sweda.amanda@epa.gov <<mailto:sweda.amanda@epa.gov>> .

* EPAtv viewers: The event will be broadcast through EPAtv. For those watching on EPA's network, launch Internet Explorer and click on the following link <http://epatv.epa.gov> <<http://epatv.epa.gov>> . Subject: Re: PFAS Scientific Research Overview Briefing

Hello Jessica – per my voicemail, I am following up on your request below for some science and research overview briefing for David Ross. David Dunlap asked that I follow up with you to discuss how best to proceed.

I am the ORD executive lead for PFAS R&D, and am familiar with all of the work that ORD is doing as well as some related science work being done in other AAships. I work closely with Jennifer McClain and her team and I led the writing for Chapter 7 (Research) of the EPA PFAS Action plan.

To start, I would suggest that I give David an overview briefing of the EPA PFAS research portfolio, which I can do in anything from 30 to 90 minutes depending on how deep he wants to go. If he wants to go deeper still, after that overview we can arrange some follow up briefings on particular topics of interest to him, e.g. lab analytical methods, toxicity research, DW treatment, etc.

I am also leading the ORD technical discussions underway looking at PFAS in agriculture, and would be happy to touch on that topic as well.

Please give me a call at your convenience to discuss what works best for David. I will be in DC next week Monday to Thursday noon, if by coincidence any time in that range works for him. If not, I am in DC frequently or we can meet via video, whatever you prefer.

Best regards, Andy

Andrew J. R. Gillespie, Ph. D.
