Biphenyl, Chlorinated Biphenyl
and Related Products - MMK

R. D. McCoy
RMCCO

The necessary agreements have now been signed by Monsanto and MMK whereby MMK will be licensed to use Monsanto's technology for the preparation of biphenyl, chlorinated biphenyl and related products. In correspondence the agreement has been referred to as the Polyphenyl Products License Agreement.

Assuming that approval is obtained from MITI and that the project goes forward, you can expect payments from MMK pursuant to Article VII of the license agreement, a copy of which is enclosed for your files.
