Subject: AGCO Response to ECHA Consultation on PFAS Restriction

Dear [REDACTED],

Thank you for your email of 25 September addressed to Commissioner Šefčovič, Commissioner Sinkevičius, Commissioner Wojciechowski, and Commissioner Breton in which you informed us on the response of AGCO to ECHA's consultation on the PFAS restriction.

We took note of your comments on the restriction dossier as submitted by Germany, the Netherlands, Denmark, Sweden and Norway, including the concrete suggestions revising the proposed restriction.

We highly appreciate you have submitted this information during the consultation organized by the European Chemicals Agency (ECHA). ECHA will carefully assess all information received during this consultation.

Yours sincerely,
