Cincinnati, Ohio.

Dear Dr. Kehoe:

I have noted from a Cincinnati newspaper clipping that you recently spoke before the Cincinnati Section of the American Chemical Society on the subject of "Lead Absorption and Lead Poisoning".

I would very much like to have a copy of your address after one is available for distribution, together with any other articles you may have written recently on the same or allied subjects, as I desire to have a complete file of your contributions to a better understanding of lead poisoning.

With kindest regards,

Cordially yours,

Secretary.
