

1 .mesothelioma occurring in the Northwestern Cape
2 Province of South Africa.

3 Interestingly, only about half of those were
4 people who actually did the milling and mining of
5 asbestos. Many of them were very briefly exposed to
6 asbestos.

7 Q Prior to 1960, were there case reports in
8 the medical and scientific literature with the disease
9 mesothelioma in cases associated with asbestos?

10 A There were, yes.

11 Q Have there been any in the United States
12 prior to 1960?

13 A There was one in the United States. I am
14 trying to think of the author.

15 Q Is that the Mallory article?

16 A Yes, Mallory, and one in Australia, and also
17 a couple of cases in Canada reported by Dr. Cartier;
18 but he did not specifically claim a relationship to
19 asbestos, although the people who developed the
20 mesotheliomas in -- not in British Columbia, it was in
21 Quebec, were people who had worked in the mines and
