ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeat message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeat message and paid for as such, in consideration whereof it is agreed between the sender of the message and the Telegraph Company as follows:

1. The Telegraph Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeat message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines.
2. In any event the Telegraph Company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the actual loss, not exceeding in any event the sum of five thousand dollars, at which amount the sender of such message represents that the message is valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated message rate is paid or agreed to be paid and an additional charge equal to one-tenth of one per cent of the amount by which such valuation shall exceed five thousand dollars.
3. The Telegraph Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. The applicable tariff charges on a message destined to any point in the continental United States listed in the Telegraph Company's Directory of Stations cover its delivery within the established city or community limits of the destination point. Beyond such limits and to points not listed in the Telegraph Company's Directory of Stations, the Telegraph Company does not undertake to make delivery but will endeavor to arrange for delivery by any available means as the agent of the sender, with the understanding that the sender authorizes the collection of any additional charge from the addressee and agrees to pay such additional charge if it is not collected from the addressee.
5. No responsibility attaches to the Telegraph Company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the Telegraph Company's messengers, he acts for that purpose as the agent of the sender; except that when the Telegraph Company sends a messenger to pick up a message, the messenger in that instance acts as the agent of the Telegraph Company in accepting the message, the Telegraph Company assuming responsibility from the time of such acceptance.
6. The Telegraph Company will not be liable for damages or statutory penalties when the claim is not presented in writing to the Telegraph Company, (a) within ninety days after the message is filed with the Telegraph Company for transmission in the case of a message between points within the United States, except in the case of an intrastate message in Texas or between a point in the United States on the one hand and a point in Alaska, Canada, Mexico, or St. Pierre-Miquelon Island on the other, and (b) within 180 days after the message is filed with the Telegraph Company for transmission in the case of a message between a point in the United States and a point in any foreign country other than the points specified above in this paragraph; provided, however, that this condition shall not apply to claims for damages or overcharges within the purview of Section 11 of the Communications Act of 1934, as amended.
7. It is agreed that in any action by the Telegraph Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages of such respective classes in addition to all the foregoing terms.
9. No employee of the Telegraph Company is authorized to vary the foregoing.

ship to Robert Simmons Construction Co.
c/o Inertial Guidance Maintenance Facility
Heath, Ohio

Mr. Gene Hay from Ft. Dodge phoned me regarding the order placed for Foilback Gypsum. Actual weight of order is approx 69,150 lbs. He advised needed 70,000 lbs. to ship on a flat bed ~~truck~~. I ~~old~~ told him to fill out car with 16 pcs. 1/2" x 4 x 8 ft. Gypsum to make the weight of 70,000 lbs. Please deduct this from the order you have.

THOMPSON LUMBER CO.
LOUISVILLE, KY.
GYPSUM - (Order Attached)

We are sending this order to you as Mr. Larry Kent, at Grand Rapids, advises that the five items marked in red are special sizes. Mr. Kent says that it will be necessary for J-M to clear the making of these lengths with Bestwall, and that the clearance must be given to Mr. Moss, Plant Manager at Grand Rapids. All that is necessary is to set up to cut these lengths, which should present no problem that I can see.

Mr. Kent knows of this order, but has no official copy of the order. Thus, this is the original entry.

I checked Thompson's credit in D & B, which I understand is good. Moose has alerted the Credit Department.

Let us hear what you have worked out in a few days.

Thank you.

W. T. Pearce, Louisville

Gypsum Order
Billed to Roy B. Thompson Lumber Co.
3200 Preston Highway
Louisville, Kentucky
Ship to Robert Simmons Construction Co.
c/o Inertial Guidance Maintenance Facility
Heath, Ohio

I received a copy of the subject order phoned to you by Mr. N. W. Gilmer on 9-15-61. Since, this job is in my territory Mr. Gilmer requested that I inform you as to the Railroad Siding where delivery will be made.

Delivery should be made by the New York Central Railroad at Heath Annex Siding which is at the job site.

Simmons Co. representative at the job requests that the first carload of material be delivered on October 9, 1961. Schedule succeeding cars to arrive 2 days apart until the order is complete.
