Dear Doctor Gealer:

We are most appreciative of your sending us a copy of the letter which you sent to Miss Marjorie Manning of the Girl Scouts regarding the potential hazard of the use of asbestos dough in making models.

I have immediately forwarded this material along to our National Office, so that they are aware of it as it affects any of our model making in Scouting throughout the country.

Again, many thanks and with best wishes, I am

Sincerely yours,

J. H. Brinton
