RECOMMENDATIONS AND REMARKS

SPECIFIC HAZARD OR CONDITION	WORKERS EXPOSED	RECOMMENDATIONS		ACCOMPLISHED	
		WRITTEN	VERBAL	YES	NO

Inert particulate 10

1. Local exhaust ventilation

2. Respirator

X

Have airline respirators and use them. Local exhaust ventilation not yet installed. Purchasing Low Vol Hi velocity system (one unit to try) from Lincoln Electric for "Squirt" welders. If works OK they will equip both squirt welders.

Due to poor business Mr. Ott, corporate industrial engineer, handling safety will be out.

Mr. Gauger, engineer in charge of installing local exhaust ventilation system, was in New York at time of visit.
