Dear all,

In addition to the documents sent by [REDACTED] here some explanation to the 2nd round consultation (the separate timetable you already received).

Further, I would like to inform you that Chemical Watch is organizing a conference on PFAS on 23 June. Attached a preliminary draft of the programme. ChemicalWatch asked me to give an update on the restriction (which is fine) and also gave some possibilities for additional presentations. In my view we can use the conference to highlight the 2nd round. To be discussed at AOB.

Kind regards,
[REDACTED]
