**THE
SHERWIN-WILLIAMS**

BATH ENAMEL.

For refinishing ordinary metal lined Bath Tubs. Made especially for this work. Produces a metal-like surface capable of withstanding hot and cold water.

Put up in pints and half pints.

DIRECTIONS.

Before applying the Enamel, the tub should be absolutely free from moisture, all grease and soap must be removed, and if surface is rough, rub with sand paper or pumice stone. Apply with a varnish brush and spread thin, allowing at least 48 hours between coats, for the best results. Three coats are necessary if porcelain-like surface is desired. Several days should be allowed before permitting water to touch the Enamel. If considered too heavy, thin with pure Spirits of Turpentine.

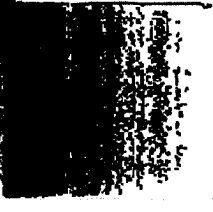

Every package is FULL Measure.

BATH ENAMEL.

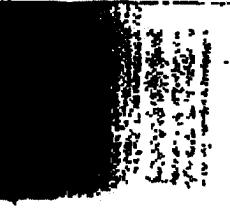

PORCELAIN.

IVORY.

ROSE

NILE GREEN.

'Tis easier to copy than to originate. Would-be competitors are recognizing the superiority of our products, taking them as they now do, they render us valuable service, and at the same time advertise their own incapacity. 'Tis the best that is imitated.
