

1 He went to work over around 25th Street at
2 Harford Road at Foreign Motors and eventually moved up
3 to around the Bel Air Road, and he had occupational
4 exposure to asbestos when he was working on brakes and
5 clutches.

6 And you will see that from the product
7 identification testimony, you will see it in his
8 videotape deposition and also in his medical records
9 because there is one very important thing about
10 mesothelioma, among other things, it is a signal
11 tumor.

12 When you see mesothelioma, the doctors look
13 for asbestos exposure because it is linked
14 inextricably with asbestos exposure.

15 By the way, Mr. Grewe and his wife had six
16 children, 22 grandchildren. Mr. Grewe got to see 21
17 of them. He didn't see the last one. He had died
18 before then.

19 In 1992 Mr. Grewe was helping one of his
20 friends over the weekend and he came back after
21 helping his friend on a Monday and he was very short
