TO

R. KUSTER

KRUMMRICH

Under separate cover we are sending you a sample of trichlorobiphenyl (Aroclor 1242) electrical grade made by Chowdhury Industries, Bombay, India.

Please return the complete Aroclor 1242 analysis to show us how well this material compares against our electrical grade Aroclor 1242.

In the event that you can spare some of this sample please direct it to Dr. Munch as he would be interested in exploring the thermal stability of the power factor.

Thank you,

Paul
