Kell,

Thank you for meeting with the Superfund Settlements Project in August. We appreciated the overall explanation of the Superfund Task Force's work and the chance to share some initial reactions to the Task Force Report that issued. Attached are some more detailed comments on the Task Force recommendations. We have added our comments in underline against the overall outline of the Task Force recommendations so that our comments can easily be correlated to the various recommendations to which they relate.

We look forward to further discussions with you and your colleagues as this effort goes forward. Please do not hesitate to ask if you and your team think we can be of assistance in your overall efforts.

Regards,

Ronald J. Tenpas
