Re: [REDACTED]
Death Claim

Mr. James Van Every
1642 Hanna Building
Cleveland, Ohio

Dear Mr. Van Every:

In reply to your letter of August 17 requesting information on the death of Mr. [REDACTED] I wish to state that I did not see [REDACTED], he having died prior to my being called in. I can state however that the circumstances and symptoms at the time of his death were consistent with the diagnosis of lead tetra ethyl intoxication.

Very truly yours,

WFM:vr

Willard F. Machle, M. D.

CC Mr. H. Mack
