Dr. Robert A. Kehoe,
Kettering Laboratory of Applied Physiology,
University of Cincinnati,
Eden Avenue,
Cincinnati, Ohio.

Dear Doctor Kehoe:

Under separate cover I am sending you a copy of the first report issued by the Medical Board for Occupational Diseases.

I thought I had sent you a copy before but in checking over the mailing list there is no record of one having been mailed to you. At your convenience I would appreciate it if you would read the report and give me any comment that occurs to you. In so doing, please express yourself freely.

There are many obvious errors that we know of and it was very poorly edited. However, we hope to improve on the second report, material for which we are now assembling.

With kind regards, I am

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Raymond Hussey".
