

...which only one crop of commercial vegetables was grown in 1936.
 \$2 an acre for land on which two or more crops of commercial vegetables were grown on the same acreage in 1936.
 50 cents for each animal unit (over 5) which the non-crop pasture land on the farm will carry during the normal pasture season. If the normal pasture season is ten months or more, the rate shall be \$1 for each animal unit in excess of 5.
 The allowance for nondiversified farms will be at least \$20, or the sum of the following:
 80 cents an acre, with the rate for each farm depending upon the productivity of the land for the total crop land on the farm.
 \$1 an acre for each acre of commercial orchards on the farm.
 \$1 for each acre of crop land on which only one crop of commercial vegetables was grown in 1936.
 \$2 an acre for land on which two or more crops of commercial vegetables were grown on the same acreage in 1936.
 50 cents for each animal unit (over 5) which the non-crop pasture land on the farm will carry during the normal pasture season. If the normal pasture season is 10 months or more, the rate shall be \$1 for each animal unit in excess of five.

INTERIOR PAINT

In applying paint to ceiling surfaces, dip your brush no more than 1-3 the length of the bristle and keep it well scraped on the edge of the can. This helps prevent the paint from running down your arms. The paint should be applied in strips 2 to 3 feet wide, using a rather full brush. Do not touch out too much. Smooth out lightly with fan-shaped, camel-hair brush strokes.

BENTON Quality PAINTS

Renew YOUR FLOORS

RENT our new Heavy Duty "Dreadnought" Electric Floor Sander. It's easy to operate and will sand 1 to 5 floors of average size per day. Rental charge only \$5 per day, with full instructions. Renew your own floors and save money.
