Responsive to the reference memo, I am forwarding execution duplicates of an agreement to be executed between Monsanto and Clark, Dietz & Associates Engineers, Inc. I understand that you arrange for the obtention of appropriate initials and Mr. Fitzgerald's signature on both copies and then forward these execution duplicates to Mrs. Contos at Versar so that she can obtain Clark, Dietz & Associates' signature. Please request that one copy of the executed agreement be returned to us for our files. I would like to receive this copy for appropriate retention and distribution.
