

PLAINTIFF'S EXHIBIT

BOND-453

March 21, 1978

Quinn Paint Company
528 West North Street
Lima, Ohio 45801

Gentlemen:

On request of the Consumer Product Safety Commission, and as required by law, we have provided them your name and address as one of our customers of BONDEX Wall Patching Compounds.

Although we do not know the exact purpose for this request, it is, of course, related to the upcoming retail sales ban on asbestos-containing wall patching compounds.

It does, however, provide us with this additional opportunity to remind you of the ban date as of June 11, 1978.

We suggest that to be absolutely certain of compliance by the ban date all wall patching compounds shipped to you prior to January 16, 1978, should be off the shelf and out of stock by June 11th. Rotate your stocks.

Sincerely yours,

BONDEX INTERNATIONAL, INC.

Julius K. Nemeth.
