SUBJECT: ALUMINUM COMPANY OF AMERICA

PYDRAUL A-200

TO: E. P. Wheeler - A-2-S

cc: JWN/GRB
J. D. Wright - Pittsburgh

We are anticipating sales of Pydraul A-200 (formerly OS-95) to the Aluminum Company of America. This firm has purchased substantial quantities of Pydraul F-9 and Pydraul 625 over the past years.

To be sure we have clearance from Alcoa's Industrial Hygiene Department on this new product, will you please write a letter to Dr. L. V. Cralley, Industrial Hygienist, at Alcoa Headquarters. You may already know his address. I believe he is located in the Alcoa Building, Pittsburgh, Pennsylvania.

Thanks for your assistance.
