All - Rich and I can make ourselves available anytime so please let us know ho best to coordinate. Also wanted to flag that we have our coalition of companies in town - same folks who met with the administrator minus the senior execs - on June 22 and would be happy to serve them up as a resource while they are here and assembled as well.

Thanks and hope you all have nice weekends,

Dimitri

Subject: introductions

Gentlemen, I would like to make some introductions.

Rich and Dimitri represent the group which the Administrator met with called AROW and Roger is now with General Electric. All these entities have a lot of experience from the PRP side and from the brownfields revitalization side of land clean up and redevelopment.

As we are developing our team within headquarters of career and policy staff to work on the superfund initiatives to get clean ups done in a targeted and quicker manner, convening an outside advisory group of stakeholders from industry and ultimately from other stakeholders and NGOs will be helpful to get broader support and technical expertise.

This introduction is the first step on that to meet jointly, separately, or both to initiate those discussions.

Thanks

Ryan.
