

1 and on for a period of about a month in 1960, off and
2 on for a period of about seven months in 1964, off and
3 on for a period of about two months in approximately
4 1963, for several more months, off and on, for about
5 six months in '67, and for about three months off and
6 on in 1970, Mr. Vandergucht was exposed to dust
7 created by the handling, use and application of Kaylo
8 pipecovering, and block manufactured by Owens-Corning
9 Fiberglas, which was used on jobsites by pipecoverers
10 in the same fashion that I have previously described,
11 that they were cut and sawed around him and that they
12 created -- their use created asbestos-containing dusts
13 which he had inhaled.

14 MR. MCGOWAN: Objection for the record, Your
15 Honor.

16 THE COURT: Overruled.

17 BY MR. IGNATOWSKI:

18 Q I want you to assume that that product, when
19 it was manufactured by Owens-Corning Fiberglas,
20 contained 15 to 20 percent asbestos, one-half to two-
21 thirds of that percentage was amosite, one-third to
