Subject: Re: Next Tuesday

Yes, I condensed it some as we did with Pruitt's introduction in SD. If that's not ok let me know, and I'll give Don the full version.

Tate and Molly, please see the quote below. Please attribute the quote to Don Bloss, National Sorghum Producers Chairman and sorghum farmer from Pawnee City, Nebraska.

"This is a great day for U.S. sorghum farmers and our partners in the ethanol and biodiesel industries," said National Sorghum Producers Chairman Don Bloss, a sorghum farmer from Pawnee City, Nebraska. "NSP has worked tirelessly for over two years to make this happen. A pathway for sorghum oil opens new markets for ethanol plants extracting oil from sorghum and ultimately adds value to the grain farmers produce. We thank Acting Administrator Wheeler for taking the step to finalize this pathway and everyone involved in the process that lead to this achievement."

Tim –

We're looking forward to the event this afternoon. Just wanted to check in on the status of a quote from your organization. We would love to have something by this afternoon to put in our release. That way we can send something out during the event. Thanks!

Happy to help out and please don't hesitate to ask any questions.

Molly

Thanks Tate! It's nice to meet you (virtually). We would love a quote from the National Sorghum Producers for our press release on the approval of the sorghum oil pathway. We plan on putting out the release after the event on Tuesday. If you could send something over by 2:00 pm on Tuesday, July 24, that would be great. Please let me know if you have any questions!

Best,

Molly

Subject: Next Tuesday

Looking like our 10-15 min intro meeting will be right before the event. Standby for confirmation. In the meantime, do you have a list of attendees on your end? Copying Hema is who tracking attendees and Molly on our comms team who would like to request a quote.
