

October 15, 1928

Mr. A. E. Mittnacht,
Ethyl Gasoline Corp.,
25 Broadway,
New York City.

Dear Mr. Mittnacht:

Have received your letter of October 10 in regard to Mr. Kahler's answer to a former letter of mine. It is apparent that he seeks money from the Ethyl Gasoline Corporation to cover expenses incurred for doctor bill and loss of time. Of course, the Company's policy in this matter rests in your hands, but I very much doubt if it could be proved by the physician to whom he speaks that ETHYL gasoline was the direct cause of this condition. From the general tone of the letter I feel that it would be fruitless to attempt to convince him that ETHYL gasoline had little or no bearing in this matter. I shall get in touch with him in the near future, however, and keep you informed accordingly.

Very truly yours,
