Since all of you are very much involved in extensive Safety Rule Training as a part of the new PLANTWIDE SAFETY PROGRAM, I would like to ask you to continue to serve until January 15, 1978, when a new hourly committee member or unit/craft representative will take over.

Election of your replacements will take place between January 3 and January 10 with announcement of election results by January 10.

I appreciate very much the active participation of each of you in the extensive training now in progress throughout the plant. I am confident that your effort will help restore our previous excellent safety performance. Thank you for keeping up the good work.

Sincerely,

P. E. Brubaker
