Q Did you spend any particular amount of time in any particular area of the building?

A Kitchen. Spent a lot of time in the kitchen there because that was a pretty good size kitchen there.

Q Now, do you remember about how long you were working at Northern High School?

A I would say about two months.

Q About two months?

A Yes.

Q And who else was working at the location with you during those two months?

Who else was with you?

A From our company or different companies?

Q Just your company, I am sorry.

A Well, we had a couple of laborers there and Jean and I.

Q So you were the only two plasterers?

A And then I left and then he got somebody else that came out there to help him out and took me off to go on to another job to start running it.
