"Cans and Can'ts"

Good paint can build good business; paint can't. Good paint can build good reputation; poor paint can't. Good paint can bring customers back again and again; poor paint can't. Good paint can make good advertising; poor paint can't. Good paint can be pushed to the truth; poor paint can't. Good paint can still confidence; poor paint can't. Good paint can advertise itself; poor paint can't. Good paint can make money for you; poor paint can't.
