TOO MUCH SITTING SAID RUINING U. S. HEALTH

ATLANTA, April 24 (AP)—Americans sit down too much for their physical good, a health authority said today.
Dr. N. P. Neilson, Stanford university, new president of the American Association for Health Physical Education and Recreation, blamed modern conveniences.
"We sit around reading, at the theater in cars and even in planes going 200 miles an hour," he said, and here's the result. The average person in the United States can't run up even one flight of stairs without being thoroughly exhausted.
"Play the game, don't watch it all the time," Dr. Neilson advised.

Fine Asked if Nippon Ships Violated Law

MANILA, April 24 (AP)—Philippine customs officials today said they would ask the imposition of a fine against any Japanese fishing vessels found to have violated with in the insular three-mile limit the night of April 16.
Their statement was a sequel to recent reports regarding the appearance of several warships in Davao Gulf, 300 miles south of here.
Customs officers said if the fleet operated within the three-mile limit it violated quarantine and customs laws.

Struck Out! Woman Hit In Face by Baseball Bat

America's national pastime—baseball—yesterday brought Mrs. M. J. Hackett, 49, 2217 L st., a fractured nose and head injuries. Mrs. Hackett was playing ball at Mission Beach, police said. The batter, after completing a lusty swing at the ball, accidentally let loose of the bat. It struck Mrs. Hackett in the face and she was unconscious for five minutes. She was taken to Mercy hospital and later sent home.
