Subject: RE: Biomass Inquiry

Rachel,

Please see Administrator Pruitt's most recent statement on biomass.

Hi Enesta,

Thank you for getting back to me so quickly. The story will likely be published on mongabay.com, an international environmental news website.

Let me know if you have any other questions, and I look forward to your response.

Kind regards,
Rachel

Hi Rachel, we have your inquiry below. Where are you hoping to land the story?

I am a freelance reporter currently writing an article about biomass energy policy. Could you please clarify your current position on biomass energy to be quoted in the piece?

In stating your position, please confirm whether you believe biomass from forests to be carbon-neutral, and, if so, what energy policies that take this carbon-neutrality into account might look like.

Please respond by Monday, April 16.

Kind regards,
Rachel
