Subject: Rep. Carter Requests Call with DOT to Discuss Project DeRenne

Hello –

Rep. Buddy Carter would like to request a call with DOT to discuss Project DeRenne, a critical road project in Savannah, Georgia, that was halted in 2021. This setback has significantly delayed a key regional transportation initiative led by the City of Savannah. This project is particularly important given its connection to Hunter Army Airfield, which serves as the activation site for the 3rd Infantry Division at Fort Stewart in the event of mobilization. Military officials have expressed concerns about the delay, underscoring the urgency of finding a resolution.

Can you please let us what times next week and the week of the 9th work best for your colleagues to speak with the Congressman?

Thank you,

Jack Ganter
Legislative Director
