Dear Dr. Kehoe,

In today's Mail 2
are being sent The 51 Journal
and an
L.A. Survey. Hope they
will be of some interest to you.

The South Gate had poisoning
fiasco is now getting the attention
long predicted for it in the
Industrial Commission. Also it
receives media for publicity in
the press. It's pathetic when
one considers how easily

Even your cases were brought
up last week, and I was sub-

stand three afternoons and
one morning. The G.M. lawyers
were a sad spectacle, and

talents were meagre. Hearings

there's little doubt about the
outcome of the first 21 cases.

second Award soon.

Not since your visit in Nov. 49
have I been able to discuss the
bad situation with Mr. Clark.

But you were given an
picture of the set-up
enough to get and encouraged
to make statements of a demon-
stration about Mr. The
same was considerable for
able to do

conference a set things
right as much as possible.
