April 10, 1975

Dyamt Nobel A.G.
521 Troisdorf/Bez. Köln
West Germany

Attention: Dr. Peter Unrath

Subject: Vinyl Chloride Safety Association

Dear Dr. Unrath:

Through recent correspondence, Mr. J. T. Barr of Air Products and Chemicals, Incorporated advised that Dyamt Nobel A.G. may be interested in joining the Vinyl Chloride Safety Association.

Enclosed is a copy of the By-Laws for your consideration. Notice that the only requirement is for Dyamt Nobel A.G. to forward a letter to my attention stating your wishes to become a member as well as agreement to abide by the By-Laws, and designation of a permanent representative from Dyamt Nobel A.G. with title and complete mailing address for use in subsequent association communications. By sending a representative of your organization to our next meeting, this will then automatically add Dyamt Nobel A.G. to the list of members.

Though our By-Laws call for one corresponding representative from each specific organization and one vote per organization at the meeting, each organization is welcome to send as many actual representatives as they wish although the question of accommodation has made it the practice to restrict the number of representatives to approximately three per organization.

We welcome your representative and firm membership into our association and look forward to your active participation.

Our next meeting will be on May 15 and 16, 1975 at the Statler-Hilton Hotel, Arlington and Park Square, Boston, Massachusetts 02117, U.S.A. If your representative plans on attending, please contact the hotel direct for reserved accommodations. This meeting's agenda should be available in about two weeks. A copy will be forwarded to your attention.

OCC 4219

April 10, 1975

It is suggested that perhaps you would like to discuss membership with Dr. Werner Freiesleben of Wacker-Chemie who attended our October, 1974 meeting. His address is as follows:

Dr. Werner Freiesleben, Director
Wacker-Chemie GMBH
Produktionsleitung
Prinzregentenstrasse. 22
8000 Munchen 22, Germany

No formal proceedings of our meetings are taken, nor are they published. Each representative is encouraged to take his own notes and at his discretion, distribute them among his own organization. A master recording of the entire proceedings is kept upon the advice of legal counsel, but these recordings are released only on loan to members. The purpose of this is to insure that we all feel free to speak with total candor regarding our safety problems.

I will look forward to your letter requesting membership and agreement with the By-Laws so that your stated representative can attend the meeting of May 15 and 16, 1975.

Very truly yours,

VINYL CHLORIDE SAFETY ASSOCIATION

W. M. Iliff
Secretary
