Mr. J. J. Levine, Sales Manager,
Eastman Oil Company,
1 Mechanic Street,
Lebanon, N. H.

Dear Sir:

Your letter of January 28th has been referred to me. It would be my own opinion that a burn produced by Ethyl Gasoline is no different in character and would be no different in treatment from that produced by any other gasoline, but I am referring your letter to our medical advisers for an opinion.

Yours very truly,

Graham Edgar.
