Dear Nancy,

Thank you for taking the time to meet with me Friday.

After some reflection, I would be further interested in exploring the possibility of a political position at EPA. Working on TSCA implementation would be very appealing given the number of years I spent lobbying for the reform. I would also be interested in exploring positions where I would have the opportunity to work with industry: DFE, the new smart sector program, and compliance assistance come to mind, but I am sure there might be other possibilities as well.

I have enclosed my CV and would welcome any feedback you have.
