**Subject:** Administrator Pruitt's interest in meeting with Australian agriculture leaders during his upcoming visit to Australia?

Hi Sidney,

I am the staff person that worked with you to arrange for a May meeting between Administrator Pruitt and members of the United Egg Producers. It was a very successful meeting, and we really appreciated your assistance in making that happen, and the fact that Administrator Pruitt took the time to do the meeting and to be so engaged.

UEP's Senior Vice President, David Inall, attended the May meeting with Administrator Pruitt. David, who is native to Australia, moved back there in July with this family to take the position of Chief Executive Officer of the Australian Dairy Producers Association. David mentioned in an email to me last week that he saw a story that said Administrator Pruitt was planning business travel to Australia. No dates were given in that story for the travel. David asked me to convey to Administrator Pruitt's staff that he would be pleased to arrange for a meeting between Administrator Pruitt, or his staff, and leadership from Australian agriculture groups if that were to be of interest and value to him. If this is something that the Administrator would like to consider, if you can tell me the dates of his availability in Melbourne or other locations in Australia during the travel, David would be happy to send a formal letter of invitation so that you have something in writing to process.

Let me know if you can.

I hope you are having a good summer. If I can be of any assistance on any other matter please let me know!

Best,

Tom Hebert
