Re: DNOP SARA 313 Delisting Petition Outline

Gentlemen:

Attached is a draft SARA 313 delisting petition outline for DNOP. This document is intended for use in a meeting with EPA where we would hope to get an idea of our chances of successfully delisting DNOP. Please look it over and give me your comments. I guessed at the water solubility of DNOP. If anyone has more definitive information please let me know.

Bill, as we discussed on the phone, please proceed to set up a meeting with the appropriate people at EPA. My schedule is full for the remainder of December so the meeting will need to be in January. I anticipate five people attending from industry; Dave Penney, Dick, Jim, Bill and myself.

Sincerely,

Joe Ledvina
