Mr. A. D. MacEwen
Bennett's
65 West 1st South
P. O. Box 1320
Salt Lake City, Utah 84110

Dear Mr. MacEwen:

Would you please supply us with formulas for the two new custom colors, Permanent Light Red and Light Yellow, which you will be supplying to Du Pont in the near future.

This information is needed to determine the labelling requirements and toxicological properties of the materials.

Thank you for your prompt assistance.

Very truly yours,

William W. Miller
Toxicity Coordinator
