SUBJ: FDA REGULATION FROM ALFOL 6

VISTA

You asked about the suitability of Alfol 6 for producing a can coating solvent as described in FDA regulations Section 175.300.

Based on our understanding of the regulation, Alfol 6 would not be approved for use in producing resinous or polymeric coatings.

Alfol 8, 10, 12, 14, 16 and 18 are allowed to be used under the conditions specified in the regulations.
