Greetings,

Last Friday you were invited to a conference call about developing the FS "Plan for Review" required in the March 28, 2017 Executive Order (EO) Promoting Energy Independence and Economic Growth. The FS must respond to Section 2 of EO, which requires federal agencies to review all existing regulations, orders, guidance documents, policies, and other similar agency actions (collectively, agency actions) that potentially burden the development or use of domestically produced energy resources, including transmission or delivery of these resources.

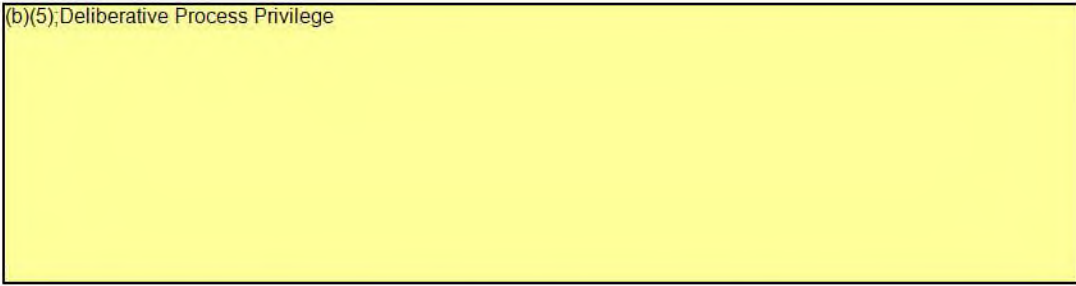

Attached for your review is the initial draft Review Plan. I have also attached the EO for your convenience.

Comments on the Review Plan are due back to me by **Close of Business, Friday, 4/14/17. Please use tract changes.**

Please send any comments you have to Liane Mattson, Randy Rabideaux and myself.

Evidently, there were some outstanding questions from the call on Friday. Here is info as of right now.

I am your contact for questions this week since Liane and Randy are gone.
Thank you
