Memorandum to: Mr. O. B. Lewis

Following my letter of June 21 and further referring to the question of the wreck involving Imperial Oil Company shipment on order No. 44138 in Erie Railroad car No. 97632, the Vice-President and General Manager of the Canadian National Railways advises that the necessary precautions have been taken so that all interested employees will be fully aware as to the proper action to be taken in the interest of safety if such an occasion should arise in the future.

A copy of this is being sent to Mr. Turnley.
