Of course and thanks for the quick response. I'm looping in Ernie Gonzalez who is liaising on behalf of the local government.

Best,

Hi Cesar,

Absolutely! We would love to meet with Reeves County to discuss the infrastructure projects they're working on.

My colleague Frank (cc'd) can assist with getting something on the books. Would you be best the POC for the group?

Thanks,

Jack Priebe
Special Assistant for Governmental Affairs
U.S. Department of Transportation

Good morning--

I'm reaching out on behalf of Congressman Tony Gonzales (R-TX-23) to request a meeting with the appropriate division at DOT to discuss a regional project in the member's district.

Rep. Gonzales' constituents from Reeves County will be in DC on **September 15-17** and are requesting an in-person meeting to brief the DOT on a few infrastructure projects they are seeking support for. The delegation would consist of the county judge, the mayor, and a few other elected representatives.

For additional context, Reeves County is the largest gas-producing region in Texas and among the highest in the nation. The local government is working with our office and TxDOT on road infrastructure projects that would greatly improve traffic flows, safety, and energy development in the area.

Rep. Gonzales discussed these topics with Secretary Duffy during a THUD appropriations hearing several weeks ago. Sec. Duffy seemed enthusiastic to work with our office in order to unleash American energy. Happy to provide more info if needed. My cell is (b)(6)

Thank you!
