Dear Administrator Pruitt,

Thank you for the opportunity to meet with you yesterday. Syngenta remains respectful and appreciative of your agency's work. I valued your perspective and insight on important environmental matters in agriculture, and we look forward to working closely with you to forge an even stronger and more sustainable American agriculture environment.

We want to be a partner in pursuing efficiencies in the application of science relating to FIFRA and ESA. With your leadership and legal background, along with the other agencies, I believe we can find sensible solutions. I look forward to remaining in contact with you, and please do not hesitate to reach out to me any time if I may be helpful.

We look forward to following up on the processes we discussed, tools for farmers, or any other issues important to American agriculture.

My sincere congratulations on your confirmation and well wishes for your tenure.

Best Regards,
