

been safely delivered to Britain is cited in this connection.

Thwarted in their main purpose of cutting allied supply lines, the U-boats have had to fall back on the indirect method of attacking where defenses appeared weakest. For several weeks beginning in January most of their raids were made along the middle Atlantic coast.

FORCED SOUTH

Then, presumably as counter-measures became more effective, they moved south, finally concentrating in the Gulf of Mexico and the Caribbean. It may be expected that when they believe the time is right they will strike again at the middle Atlantic. Meantime they venture to the very mouth

SHORT OF CREWS?

Even if that figure is true it seems likely that the greatest loss to the nazis has been not in ships but in crews. Unofficial reports have put Germany's available U-boat strength this spring and summer at 180 to 300 craft.

The experts say that if Germany concentrates on building submarines she can produce them faster than crews can be trained to man them. And when a submarine goes down for good there rarely are many survivors to report for duty on another vessel.

The great limitation on submarine distance operations is not fuel or supplies, but the endurance of their crews, which on the average can stand 40 to 60 days on a trip.

Animal Crackers Are Banquet Fare

TWIN FALLS, Idaho, May 29 (AP)—Nobody said anything about age limits at the father and daughter banquet, so:

Herschel Cobb brought a high chair and his 18-months-old daughter, Susan. The granddaughter of Ty Cobb of baseball fame enjoyed herself and a box of animal crackers during the program.
