Dear Mr. Patenaude,

I would like to take this opportunity to personally Thank you for your assistance in providing important information to my secretary Nancy Sullivan, she spoke with you today. After numerous dead-end calls to several agencies and companies, she located your number and reported back to me how cooperative you had been. We have been trying to find information regarding Asbestos shingles and have been unsuccessful. Hopefully, the addresses you gave Miss Sullivan will put us on the right track.

Once again, I Thankyou for your time and help.

Sincerely,

Mr. Joseph S. Ludvigsen, President
