Dear [REDACTED] and [REDACTED]

What are your plans in terms of cooperation on HH hazard assessment?
In the HH hazard subgroup (WP3) working on the universal PFAS restriction we are currently working on PFCAs, PFSAs, PFPAs and screening F-gases. The next groups for HH health assessment has not been selected yet. I have attached some drafts so you can see where we are in the process.

Kind regards

Emne: ECHA one-pager on cooperation on AFFF restriction proposal

Dear all,

As we discussed at the last planning meeting. Here is our one-pager on how a cooperation on our fire-fighting foams restriction could work in practice.

We're very grateful to have discussed this a bit already with [REDACTED] and the others in WP3 and looking forward to discussing further with the wider group.

Talk to you all on Monday. Have a good weekend.

Yours

[REDACTED] (and [REDACTED])

Dear All,

since [REDACTED] and [REDACTED] will take over my tasks and responsibilities, I took the liberty to update the list of contacts for the different work packages according to the latest mailing lists of the different work packages.

Please exchange my contact with those of my colleagues in your mailing lists and correspondence.

I attached the updated list of contacts to this Email for your information and of course you are welcome to amend and add if you see fit.

Best regards,

For the German CA,

[REDACTED]
