Dear Mr. Ellis:

On April 7, 2021, the U.S. Environmental Protection Agency, along with the Florida Department of Environmental Protection (FDEP), conducted a CEI at the Patrick Air Force Base located in Patrick Air Force Base, Florida, to determine the facility's compliance status with RCRA and applicable regulations.

Enclosed is the EPA RCRA inspection report which indicated that deficiencies of RCRA were discovered during the inspection. A copy of the report has been forwarded to the FDEP for follow-up and further review.

If you have any questions regarding this matter, please contact David Champagne of my staff by phone at (404) 562-9028 or by email at champagne.david@epa.gov.
