Re: Renovation Notification

Dear Mr. Bell:

This is to notify you, as required by 40 CFR 61.146, that Union Carbide Corporation, Old Ridgebury Road, Danbury, Connecticut 06817, as owner, plans to engage in renovation activities as described below:

Approximately 648 square feet of tar paper containing asbestos will be removed from air surge tank located north of Building 139 at 3301 5th Avenue South, Texas City, Texas 77590. The equipment is over 10 years old.

Removal of the tar paper is scheduled to start on January 18, 1988, with completion on January 25, 1988. All asbestos containing material will be wetted and removed in wet state. The material will be sealed in properly labeled impermeable plastic bags prior to removal from the demolition area. Procedures to be employed during removal, clean-up, and disposal will conform to the requirements in 40 CFR 61.147 and 61.152.

All asbestos containing materials removed will be disposed at Gulf Coast Waste Disposal Authority, Loop 197, Texas City, Texas.

Yours very truly,

Gilberto L. Rivera
