Hazardous Material Matrix Review Committee

J. Cavender recommended that J. Cross be selected to represent the Technology group on the review committee. The matrix program is to be completed by August 1, 1985.

Annual Safety and Housekeeping Inspection

Timing will be set for September. R. Hammann will determine if the Chocolate Bayou plant will participate.

E.P.P. Drill

Drill will begin at 1400 on 5/23. Need to identify key roll players. R. Hammann will determine how information will be conveyed to the Texas City community.

Off the Job Injuries

Off the job injuries appear to be increasing. J. Gatewood proposed that an information package be assembled and sent out to the unit/craft supervisors for review at their next safety meeting. R. Hammann proposed issuing information booklets targeted at specific repeat injuries such as back injuries.

Job Safety Analysis

Befor JSA training begins, J. Gatewood proposed that a brief description of the JSA program be published in the plant news.

8,715,815 Goal Sign, Space Shuttle Motif

Need to accent rocket ship to highlight movement. D. Jordan to handle. Need to determine exact time goal will be reached in order to line up publicity. D. Barfoot has contacted a space shuttle astronaut. R. Sharp and B. J. Sanders will

research the possibility of getting the Goodyear blimp. Need to identify a key Monsanto Safety figure-head and invite him to the celebration. R. Hammann to handle.

Vendor Safety Film

The film is complete and in service. Film has received rave reviews from the critics!

Third Quarter Safety and Housekeeping Inspection

The Annual S & H Inspection will also serve as the ^{Fourth} ~~Third~~ Quarter S & H Inspection.

MESH

Need to develop some type of presentation that deals with accidental slips and falls.
