NLRB Complaint: Lester Plant

Dear Stuart:

Jay McElligott and I enjoyed speaking with you this morning with regard to the latest letter to Bruce Ludwig concerning the asbestos air sampling test results. I enclose a copy of the letter reflecting the changes that we discussed today.

This also will confirm that Wayne Bickerstaff is reviewing the records of the Corporate Industrial Hygiene Department to locate the asbestos air sampling test results relating to the Lester Plant from 1980 through the present. As soon as I receive this information, Jay and I will contact you.

I am providing a copy of this letter to Ron Lawrence so that he will be aware that we have provided 107 pages of air sampling test results concerning the Lester Plant to the Union's attorney.

Sincerely yours,

Stephen D. Busch
